

Radishield Radiation Protection

Radishield Radiation Protection System

The Radishield Radiation Protection System is a patented totally encapsulated shielding system. It's unique formulation gives flexible shielding in inaccessible and restricted applications where traditional methods of shielding are difficult to provide. Available in flat sheets of special sizes and guide tube shields of standard and custom lengths, Radishield provides the necessary protection for any NDT company.

Radishield Guide Tube Shield (5 ft)

Item No. 94330

Radishield Polyurethane Lead Flat Sheet (1 ft X 3 ft)

Item No. 93000

Radishield Silicone Lead Flat Sheet (1 ft X 3 ft)

Item No. 93050

Benefits

- High flexibility
- Low on-site installation time
- Custom sizes available
- Lead free sheets available
- A hermetically sealed encased system allows for no sharp edges and no surface oxidation of lead
- Impermeable to water, dirt and other contaminants
- Flat sheets available in polyurethane and silicone
- Easy to clean
